*A Waltonian Archers Tradition Since 1984*

## President's Corner July 2021

Hi Folks

July is here. We had a nice shoot last weekend for our July Target 900 Round. Eleven people shot which was good considering the predictions of rain and the date conflict with State Field.

Our event to honor Marv Findley went well. Almost forty people showed up and Marv had a good day. For those of you who do not know Marv, he has been instrumental in this club having held the presidency and a number of offices. He has made many donations of major equipment and time maintaining the grounds. Marv was a professional archer, shooting in the elite ranks through the 1970s and 1980s. He shot for Jennings and Bear Archery and was personal friends with Tom Jennings, Dean Pridgen and Fred Bear among others. He hunted with Fred many times at his private camp. Marv was a Navy jet pilot, flying off of carriers in Vietnam This sometimes showed as he mowed at the club. He may be the only person any of us know who has killed a cobra with a knife in the jungle. After the war Marv became a degreed electrical and electronic engineer maintaining medical equipment. He was an early personal computer guru selling them from his home. Many of us got first bows and computers from Marv. His health has been difficult for the last several years. Get to know him while you have the chance. You will not be disappointed.

We will be shooting the Rendezvous this weekend July 17<sup>th</sup> and 18<sup>th</sup>. We will be able to use part of the orange range with the new bridge. There will be between 35 and 40 targets depending on how many we can accommodate.

The JOAD Red Team Training Camp has hit a snag with fewer archers signing up. . We hope it still will be going forward but that depends on interest. They had a good experience last year for this event and we want to see that continue in the future.

We have done one brush burning, getting rid of several brush piles around the clubhouse. We will try to have at least one or two more burn days after the Rendezvous depending on weather. If anyone decides to burn, the wind must be below 15 miles per hour. The Sheriff's department has to be notified at the phone number on the burn permit posted on the bulletin board in the clubhouse. We would like to do all burning at the regular burn pile so we do not end up with a bunch of burned areas all over the grounds. If anyone wishes to please feel free to start moving small brush from the piles around the clubhouse area down to the burn area across from the animal shed.

Have a good summer and good shooting.

Carl Mally

Several of the Wapsie Warriors have been practicing for weeks to shoot at the multiple events being held in Yankton South Dakota in Mid-July. Sometimes you have to come up with some fun ideas to add a little variety to the routine. Coach Cary Kelsen brought in a bunch of rubber ducks for what she called "Duck Day" last week. The idea is that if you shoot with the duck on your head you will learn to not tip your head as you are shooting. it was quite a challenge to say the least. Izzy did get a little carried away with trying to keep it on her head.

### Joke of the Month

An Irishman and an Englishman walk into a bakery. The Englishman steals three buns, puts them in his pockets and leaves. He says to the Irishman "That took great skill and guile to steal those buns. The owner did not even see me."

The Irishman replied "That is just simple thievery. I will show you how to do it the honest way and get the same results."

The Irishman proceeds to call out the owner of the bakery. "Sir, I want to show you a magic trick." The owner was intrigued so he came over.

The Irishman asked for a bun and then he proceeded to eat it. He asked two more times and after eating them the owner says "Okay my friend, where is the magic trick?"

The Irishman then said "Look in the Englishman's pockets."

### Around the Range—

There was a good turnout for Marv Findley on June 20th Pictured at left with Charlotte Mason.  
Rick Rogers said a few words—then a few more...  
Many of us got to catch up and maybe share a memory  
Not content to sit—Marv got behind the counter to serve

Also on the 20th—a few brave archers shot a 900 round in the rain.

Thanks to all that helped clear around the sheds on the workday—June 12th. That was a bunch of work that needed done!
