

President's Corner

October 14, 2014

Hi Folks

Hopefully you are having some success with deer season this year. I hope to get out this weekend when things slow down.

We have one shoot scheduled this month. That is a Vegas Target shoot at 7:00 in the evening on Saturday October 18th. It would be a good time to get tuned in on shooting for the season. The next shoot after will be another Vegas shoot on November 16th.

We have elected new board and officers congratulations to Jason Strohbehn and Mike Gauger who have taken new board positions this year as well as Brad Marcus who is returning to the board. Many thanks to Randy Beelner and Tom Mally who have both served the club well on the board. The remaining officers; Dan Perra, Don Parker and Don Kaplan as well as myself will remain for one more year. Many thanks to them as well for their hours of effort and patience.

We have received the final payment of \$1700 from the state for our parking spot grant. As mentioned before the building inspection is completed and final occupancy permit issued.

A Boy Scout troop will be using the grounds the weekend of October 25 and 26 for a campout. Anyone who wishes to volunteer to help with archery instruction for them please contact me.

One final note, the current officers have agreed to remain for one more year till our building loan is paid off. At that time we will need replacements. We have all served several years and are happy to help but we are tired and the club needs fresh ideas and faces. Please think about taking an office next year. I will be reminding people throughout the year.

So anyway, good shooting and I hope to see you out there.

Carl Mally

Joke of the Month

There was a husband and a wife. The husband was very sick, so the wife took him to the hospital and the doctor checked him out. Then the doctor asked the wife to come into his office so they could talk about what was wrong with her husband.

He explained that, if she wanted her husband to live, she would have to pamper him, wait on him hand and foot, and not challenge him or argue with him -- her husband needed absolute rest and no stress whatsoever. However, if her husband did any work or moved around much or got upset about anything, he would die. The doctor asked if she understood these conditions, and the wife assured him that she did.

When the wife came out, the husband asked her, "so what is the matter with me? Am I going to die?" And the wife said, "Yes, honey, I'm afraid you're going to die."
