

President's Corner

February, 2016

Hello fellow Archers,

I would like to thank everyone that helped with the recent Vegas shoot and indoor 3Ds! We will be having an indoor 2D/3D shoot on the 28th of Feb. It seems like we don't get enough of our members out for these shoots, would be great to see a big turn-out from everyone, if able. Gayla will be posting "shoot-sheets" in the clubhouse, please sign up if interested in providing assistance with any upcoming shoots.

Open shooting...started last week; we want to send a special thank-you to Gayla for running it! We only had club members show, but hoping that it catches on with the public...we will see.

Good luck to everyone competing in the upcoming NFAA Midwest shoot; for those of you who do not know much about this talk to Craig Waite or Don Parker if interested...additionally, remember the ISAA State Indoor shoot will be coming up 11-13 March.

Weather...I would like to remind everyone that it gets very slick throughout our club grounds during the winter, so please be careful if you are on foot, or in a vehicle, going up hills.

We would like to send a huge thank you to Marv for getting us new tires for our end loader! Marv has been an invaluable member of our great club for many years; without his honor and upstanding character, I fear we would not be where we are today without him.

Also, I'd like to mention one of our honorary members, Bill Schoon. Recently he showed me an arrow case that belonged to Fred Enders...yes, the man that our club's ground "Enders Field" is named after. He was known as the "Dean of Iowa Archery," a true legend in our region and sport. If you happen to see Bill around the club, ask him to show you the case.

I am trying to update our club's history; if you have any significant information (pictures, stories, etc.) please pass it to me. I am working on years 2003 through 2015, but I'm lacking information from 2003 and 2009, so any help would be greatly appreciated!

Just a friendly reminder... the 80th Year sign is up in the clubhouse, please take the time to sign your name next time you are out there.

Note...the lock to the main gate routinely freezes in the winter, recommend a small lighter to help thaw it out if needed.

- Rick

Energy conservation is everyone's responsibility! Each year our utilities account for a significant portion of our budget. The more we can cut down on those expenses, the more we can put back into our club! We ask that you **turn off all lights** and reset the **thermostat to 55 degrees** when you leave.

Also, as a reminder, **please lock the main gate** when you enter and depart the grounds. This will help deter non-members from inadvertently entering our club and **possibly causing damage or attempting to hunt and/or discharge firearms.**
