

Presidents Corner June 2019

I would like to thank everyone who helped with the recent 900 round, and the gentleman who helped me with the group of handicap folks who joined us from To The Rescue for a shoot and cookout. It was a successful event. Leagues are in full swing on the white range, so please keep that in mind when you're out walking. Also remember it is tick season. Ticks can carry Lyme Disease, so check yourself over when you get home. Jeremiah and Carl are working on getting rid of the poles and trash pile out by the buildings. A generous donation by Kathy Struchen will see the completion of one of many projects our late member, Cal Struchen, was working on. Marv's keys were found, and his wallet was returned to the club house. Carl brought the proposed by-law changes to the board for review. After some editing, they will be brought to the member body for approval. Carl and his committee have done a great job, and have worked hard on them. I would like to remind folks that we do not allow shooting on the flats while people are working down there for everyone's safety. I would also like to remind you that we put on shoots for the public and our members. It would be nice to see more of our members shooting at these events. Shoot straight and be safe. Rick

Member Corner

When I was young archery was a popular thing. Western shows with Indians shooting bows and arrows were everywhere. Robin Hood was on the television every week. We made bows and arrows out of sticks and strings, shooting at each other when mom was not looking. In high school a couple of friends belonged to the archery club and I got to visit. The area was familiar from playing in Otter Creek when I was little and from going with my dad to hunt arrowheads in the fields across Feather Ridge Road that are the yards of million dollar houses today. My wife's sister and her husband, Janet and Dennis Klein, invited us out to shoot as adults. We became members. Our children all came along as we shot leagues with Milt and Lanetta Smith and as we camped for shoots. At that time there were a lot of families with young children all of who camped and shot together. It has been a great part of my life and I hope we can keep it going to pass on to another generation.

Joke Of The Month

That can't be right

Two deer hunters were not having any luck so they asked for advice from an old timer. "You can just about guarantee a deer if you learn to hunt with dogs," he said. The two hunters got a trained deer dog and hit the woods. At the end of the day and still empty-handed, one hunter said to the other, "Maybe tomorrow we'll get one if we throw the dog out of a higher tree stand.
