First I would like to thank Dan Perra (Sunday Traditional League), Matt Erlandson And Aron Ford (Tuesday night 2D Bow Hunter League), (Randy, Beelner Thursday night target League),’s for managing the leagues . Also would like to thank the people that shot them as well. Your support as shooters keep are club going, and I thank you for that **There is a lot going on in the world and here at home. So the board has issued this statement .**

Members,

In light of the current situation surrounding COVID-19, the board has some announcements:. As of Last week JOAD and NASP have suspended all practices until further notice. If any members have children that participate in these programs, please take note there will not be any group events occurring at the club in the immediate future. Another announcement will be provided when more information is available as to when these may start back up.

The club open house will be postponed until further notice. All outdoor shoots will have communication sent as we get closer to the dates. The range will continue to be available for use for members only. Please try to practice social distancing even while at the club (maintain distance from others) and to re-emphasize, if you are ill please stay home. We are also asking that no more than 10 people be inside the indoor building/range at any given time to abide by the governors **Emergency Proclamation that was signed on Tuesday March 17th , 2020.** Please help us maintain our good standing in the community. We ask this for all our members as we see how quickly this virus can spread and is spreading across our great country. We are not panicking due to this virus, but trying to be good stewards of our community to prevent the virus from impacting our friends, family, or other club members. If you have any questions, please reach out to a member of the board.

Thank you.
