

Presidents Corner—June 2025

Greetings Archers,

June is upon us, and summer is approaching. The weather is warming up and this weekend is supposed to be scorching.

In May we held the Silver Broadhead shoots. We had a good turnout and heard a lot of great comments on the opening of the Pines. I would like to personally thank all those that helped get these ranges back opened and planting of the new trees over there. This was a lot of hard work, and it was nice to hear all the great comments. I was able to shoot this, and it was wonderful getting up there. It was set nicely and was a lot of fun. That weekend we also held the international round. For those that came out to shoot that thank you and there were some nice scores on this shoot. Great job to everyone working during and before this shoot to get everything ready and running nicely.

A few weeks ago, our summer 3D league started. We have 14 3D targets set up on the white range. You can shoot a compound or traditional bow for this league. It is a very fun time and the bugs are still there, but not as big of numbers as earlier in the year and hopefully they will stay down (knock on wood). If you wish to shoot this league there is still time to join. Please come out and have fun.

As I'm writing this, we had our club 500 round at the club. There was a good turnout for this shoot and the weather was not too bad. Thank you to all that helped set and run this shoot, registration and kitchen. This upcoming weekend we will have our first target S3DA shoot, with the following weekend another S3DA shoot. We look forward to this shoot and we should have things in good order for this shoot.

I look forward to seeing everyone out at the club having a great time.

Take care,

Tom Mally

Waltonian Archers Event Calendar

June

Sunday 1st		Summer Outdoor League Starts
Saturday 14th	9 AM Start	Outdoor 900 Target Round

July

The Pines

Last month the Pines reopened for our Silver Broadhead shoot. We we're all amazed at the clean-up and how good the range looked! Thanks to Scott Mason and all that helped bring this area back!

Scott has also added some benches—nice work with a chainsaw!
